LA SALA

WELCOME MESSAGE

Welcome to the fulfillment of a long time dream.

We would like to share with you the plans we have for a living room for the women who work in prostitution in San Nicolas, Aruba. Thank you for your interest.

TEAM LA SALA

01

LA SALA

ABOUT US

One San Nicolas is a group of organizations and churches working together in the greater San Nicolas area. Part of what they do is captured under 'One San Nicolas In Action'. This started with a dream of the late Pastor Sandra Hurtado of having a place from which we can serve different groups in the community of San Nicolas; the homeless, ambulatory (addicts), the women (sex workers) and families who are struggling in their day-to-day life. Our shared vision is: *To take families and individuals from one phase to another so that they end up in a safe community, in which they can recover, become self-sufficient and independent.*

LA SALA

ABOUT US

For our outreach activities we solely depend on volunteers. As we speak (Januari 2024) we have a total of about 80 volunteers working together. They come from different backgrounds, and not all of them are connected to one of the partners of One San Nicolas. People with a heart for the community often approach us to offer their time and energy to help with the work we do. We believe in the power of the people of San Nicolas and are sure that together we can make a change in the lives of all, but most importantly in the lives of the people who need it the most.

LA SALA

MISSION & VISION

The logo of La Sala represents a home-like feeling
The sentence at the bottom says 'Feels like Home'.
The lights represent the light of God that we want to shine.

Over the last couple of years, we have been involved in the lives of many of the women who work in the sex industry. Over time some of us have individually developed a desire to create a place for them where they can come and relax, talk, and have some coffee. When coming together about this idea, we created the following mission and vision.

LA SALA

MISSION

To help restore women in prostitution and provide a safe place for them. To show them Gods love, tell them about Jesus, help them if needed, and teach them how to build resilience and healthy relationships.

03

03

LA SALA

VISION

Women who worked in the SN sex industry return home with a greater sense of self-worth, an understanding of their God given identity and tools to build a different life for themselves and their families.

04

LA SALA

OUR SERVICE

What we already do

Most of all we try to establish a relationship with the women. Every three months there is a new group which makes this a continuous attempt. We visit them in their working environment and provide them with food packages and hygiene products. We encourage and support them to overcome challenges and to make positive lasting changes in their lives, for their own benefit and that of their families and home communities. We do this by organizing fun activities where they can come together to spend a relaxed moment and quality time. They are offered the opportunity to vent their hearts and, if they wish, we pray with them.

04

LA SALA

OUR SERVICE

What we want to do

The way we want to shape our mission is through a living room, La Sala, for the women who work in the sex industry in San Nicolas. It will be a place where they can meet others, and feel at home, loved, cared for, seen, safe and accepted as part of the community. A place where they can get coffee, do arts and crafts, and get help and information. We want to offer them prayer, Bible study and various other fun activities and interesting and helpful classes.

LA SALA

OUR SERVICES

What we want to do

We intend to open up La Sala from Monday to Friday. During these hours, we will work with volunteers who offer a friendly face and a listening ear. If the women have questions, we can pass on information about healthcare, rights and we intend to also have a variety of products like condoms and female hygiene products available. For this we want to work with different organizations such as CMMA, Rode Kruis, IOM, Hias and others.

During the morning hours we also want to offer extra activities that the women can join if they want to. Bible studies, arts and crafts, counseling, game-mornings and practical short courses on topics such as How to start your own business, English, Parenting, Budgeting etc. On Monday and Tuesday we also want to offer walk-in opportunities with a general practitioner and an advisor from Dimas.

LA SALA

TESTIMONY

Volunteers

We were visiting the ladies and we learned that one of them had had a severe stroke and had died in the hospital. The women who knew her were very upset and shocked about this. We had the opportunity to speak life over them and share the Love of God with them. We prayed together and they were comforted by the Holy Spirit in their grief.

Sentirse como en casa

FINANCIAL NEEDS

La Sala will only be made possible through donations from ministry partners. We will trust the Lord for His provision. No loans will be taken out.

1 **Purchase building** \$177.164
